INTRODUCTION

VISITOR PRIVACY IS RESPECTED AND TAKEN SERIOUSLY BY SITE ADMINISTRATION HERE AT THE REPAIRPLUS1.COM WEBSITE. A VISITOR PRIVACY POLICY IS DEVELOPED COVERING HOW VISITOR INFORMATION IS COLLECTED, USED, AND STORED BY THE SITE.

Visitors are encouraged to take a moment to familiarize with RepairPlus1.com's privacy practices and to let it be known if there are any questions. RepairPlus1.com site administration may be reached via electronic mail on the Contact Us page:

<https://www.repairplus1.com/contact-us/>

In summary, visitor information is mainly used for visitor communication, to streamline transactions, offer discounts and coupons, research visitor inquiries on their own account, and improve site products, services and operations. Visitor information is *never* disclosed to any third party for any reason. All transaction processes are guaranteed encrypted and secure with high technology.

COLLECTION OF PERSONAL INFORMATION

Personal information is data that can be used to identify or contact a single person.

To create an account on the site a visitor must be asked to provide personal information including name and e-mail address. In the event a visitor desires to execute a transaction on the site additional information must be provided including address information and payment method details. Personal information may also be needed for visitor communication posting to the website.

Listed are some examples of the types of personal information RepairPlus1.com may collect:

- name
- email address
- billing address
- shipping address
- phone number
- contact preferences
- payment method details (to execute an encrypted secure transaction only)
- communication statements

HOW PERSONAL INFORMATION IS USED

Personal information collected allows visitors to create an account and perform checkout procedures on the site. Discounts and coupons may be offered to valued visitors via information usage by site administration.

Personal information is also utilized for communication between visitors and site administration.

Personal information may be utilized to send important notices, such as communications about purchases and changes to terms, conditions, and policies. Because these notifications are important to interaction with RepairPlus1.com there is no option to opt out of receiving these communications.

Information collected may also help to create, develop, operate, deliver, and improve products, services, and content and advertising.

RepairPlus1.com may also use personal information for internal purposes such as auditing, data analysis, and research to improve products, services, and customer communications.

COLLECTION AND USE OF NON-PERSONAL INFORMATION

Data is also collected in a form that does not, on its own, permit direct association with any specific individual. RepairPlus1.com may collect, use, transfer, and disclose non-personal information for any purpose. The following are some examples of non-personal information that may be collected:

- language
- zip code
- time zone

Non-personal information may help administration better understand visitor behavior and improve products, services, and advertising.

Other non-personal information may be collected regarding visitor activities on the website such as page views and hit counts. This information is aggregated and used to help provide useful information to understand which parts of operations on the website, products, and services are of most interest. Aggregated data is considered non-personal information.

If non-personal information is combined with personal information the combined information will be treated as personal information for as long as it remains combined.

COOKIES AND OTHER TECHNOLOGIES

The RepairPlus1.com website, services, email messages, and advertisements may use “cookies” and other technologies. These technologies help better understand user behavior, tell which parts of the website people have visited, and facilitate and measure the effectiveness of advertisements and web searches. Information collected by cookies and other technologies is non-personal information. However, to the extent that Internet Protocol (IP) addresses or similar identifiers are considered personal information by local law, these are also treated as identifiers of personal information.

The site may also use cookies and other technologies to remember personal information when a visitor uses the website. The goal in these cases is to make visitor experiences with the site more convenient and personal. For example, knowing a visitor’s first name lets the site welcome the visitor the next time the visitor browses the site. Knowing a visitor has shopped for a certain product or used a particular service helps make advertising and email communications more relevant to visitor interests.

As is true of most websites, information is gathered and stored in log files. This information includes Internet Protocol (IP) addresses, browser type and language, Internet service provider (ISP), referring and exit pages, operating system, date/time stamp, and clickstream data. This information is used to understand and analyze trends, to administer the site, to learn about visitor behavior on the site, and to gather demographic information about the user base as a whole. RepairPlus1.com may use this information for marketing and advertising services.

PROTECTION OF PERSONAL INFORMATION

RepairPlus1.com takes the security of personal information very seriously. Online services are backed by high technology encryption algorithms designed to safeguard all information pertaining to the site in all forms. Personal data is stored by using computer systems with limited access housed in facilities using physical security measures.

In the case of a website visitor statement posting, or social networking service, the personal information shared by visitors is visible to other users and may be read, collected, or used by them. It is the visitor's responsibility in these cases for personal information chosen to be submitted in these instances. For example, if a visitor lists their name and email address in a forum posting, that information is public. Visitors should take care when using these features.

INTEGRITY AND RETENTION OF PERSONAL INFORMATION

RepairPlus1.com makes it easy for visitors to keep personal information accurate, complete, and up to date. Personal information will be retained for the period necessary to fulfill the purposes outlined by the site. Visitors are also provided the option to obliterate their personal information from data storage at any time of discretion.

ACCESS TO PERSONAL INFORMATION

Visitors may ensure that contact information and preferences are accurate, complete, and up to date by logging into their account. Personal information held is accessible for purposes including correction to data if it is inaccurate or deletion of data upon visitor request. Personal information may also be deleted at the site administration's discretion if the retention of that data is not conducive to legitimate business purposes.

RepairPlus1.com site administrators may decline to process requests that are frivolous/vexatious, jeopardize the privacy of others, are extremely impractical, or for which submission and retention is not applicable to practical site functionality.

CHILDREN

RepairPlus1.com does not knowingly collect personal information from children under 18 except where a parent has set up an account for their child with verified parental consent. If it is learned that information has been collected from a child under 18 without first receiving verifiable parental consent steps will be taken to delete the information as soon as possible.

INTERNATIONAL VISITORS

Privacy policies outlined herein for national visitors apply exactly the same to all personal and non-personal information collected from international visitors.

DISCLOSURE TO THIRD PARTIES

No information collected both personal and non-personal is ever shared or disclosed to any third party whatsoever for any reason.

THIRD-PARTY SITES AND SERVICES

The RepairPlus1.com website may contain links to third-party websites, products, and services. Products and services may also use or offer products or services from third parties. Information collected by third parties, which may include such things as

location data or contact details is governed by their privacy practices. It is encouraged for visitors to learn about the privacy practices of those third parties where applicable.

REPAIRPLUS1.COM'S COMMITMENT TO VISITOR PRIVACY

RepairPlus1.com site administration is absolutely committed to the perpetual security of visitor's personal information. Personal information is secure having policies exactly understood by all site administration and developers. The visitor privacy policy outlined here is a guiding force in all site decisions and activities.

PRIVACY QUESTIONS

For any questions or concerns about RepairPlus1.com's Visitor Privacy Policy or data processing or if there is a complaint about a possible breach of local privacy laws site administration may be contacted via the electronic mail portal on the Contact Us page of the website. All such communications are examined and replies issued where appropriate as soon as possible.

VISITOR PRIVACY POLICY UPDATES

RepairPlus1.com may update its Visitor Privacy Policy from time to time. At such time that the policy is updated the new Visitor Privacy Policy will appear on the website on the Visitor Privacy Policy page.

CONCLUSION

RepairPlus1.com utterly strives for friendly and comfortable visitor interactions for all visitors. The goal of the Visitor Privacy Policy to help ensure this strive is successful.
